important NOTICES

DEAR PARENTS,

During these difficult times, it is very necessary that you teach your child to be strong. You have to teach them to face whatever things that may come their way. You can teach them that they won't always get the things they want. Life is difficult and different from what you expect it to be. So, be a Role Model. If you also break down and be sad and try to retaliate against the things which are out of control and are happening around you, then life is going to be very difficult. I am not saying not to fight for what is right and wrong. I am saying during times such as these, even if something which should not happen is happening you have to face it.

Be STRONG, Be a ROLE MODEL, LIFE is SHORT, Take ONE day at a time, ENJOY it while you can.

from Dr. (Mrs.) Kumari Grero - Director

DEAR CHILDREN,

Today my topic to you is about not hurting others. Sometimes we say and do things knowingly to others to hurt them. Sometimes we don't mean to hurt them, but without thinking we say and do things that hurt them. So we must always be careful. The easiest way to find out if you are hurting another person is to put yourself in their shoes. This does not mean that you wear their shoes, but you think you are. Then you feel how the other person feels. There is a word for this. It is called Empathy. So always remember, do not hurt another person physically or mentally. Then you can always be happy.

With love from your Director - Dr. (Mrs.) Kumari Grero
